York, ARCHIBALD SMITH.
Cumberland, ROYAL LINCOLN.
Oxford, THOMAS CLARK.
Penobscot, ABNER TAYLOR.
HANCOCK, ANDREW CHUTE.

SEE FIRST PAGE.

Fortification on the Penobscot.

We are happy further to inform our readers that a letter has been received in this city from Lieut. Stevens stating that he has succeeded in purchasing the site on Peirce's point opposite Bucksport at the narrows for the United States Government for the purpose of erecting fortifications. The works will be commenced in the spring or as soon as the Legislature can pass the necessary act of ceding the territory purchased to the United States.

The Democrat of Tuesday states that it always understood that our Representative in Congress Hon. E. H. Allen had obtained an appropriation for a fortification at Mattawamkeag but affects never to have learned until recently that he had obtained an appropriation for fortifications at Bucksport narrows. We are glad to enlighten our neighbor and to assure him that through the able efforts of Hon. Elisha H. Allen an appropriation was obtained for Mattawamkeag and that it is no less true that an appropriation of \$25,000 has been obtained by him for the Penobscot river and this too is the only new work for which an appropriation was obtained. We think if our neighbor will read Mr. Allen's speech published in the Whig & Courier at the time he will cease to wonder at his success in this matter. The editor of the Democrat must have shot his eyes pretty close not to have discovered some of the facts before this late day. We begin to fear he does not read our paper.

HUNT'S MERCHANTS' MAGAZINE for September. The September number of this able Magazine has been received by the Bangor Agents Messrs. Smith & Penno.

The following are the leading articles in the number in addition to which is a large amount of valuable statistics and miscellanies.

The Debts and Tariffs of the South of Europe. By Francis Wharton, of Pennsylvania.

Progress of Population and Wealth in the United States, in Fifty Years, as exhibited by the Decennial Census taken in that period.—Chapter XX—The products of Industry—concluded. By Professor George Tucker, of the University of Virginia.

Unity and the Usury Laws. By J. O'Connell, of New York.

Letter to Cotton Manufacturers. By Henry Lee, of Massachusetts.

Maritime Law—No. 1.—The Doctrine of Lien, with reference to the Law of Shipping. By Alanson, Nash, of New York.

The Salem East India Marine Society.

Whig Caucus last Evening.

The Whigs of Bangor assembled at the City Hall last evening for the purpose of nominating candidates for Representatives. The meeting was organized by the choice of Jonas Cutting chairman and Thomas H. Sanford Secretary.

The convention proceeded to select their candidates by ballot and Dr. George W. Holden and William Paine Esq. were severally nominated.

It is important how that the Whigs unitedly join in patriotic spirit and with a genuine democratic feeling labor to secure the election of their men and thus aid in sustaining the measures of their party. The time to election is short and that time should be diligently and well improved, that a good report may go forth of our activity and zeal in the good cause.

We learn that the Regiment of Infantry in this city and vicinity will muster for Review at French's field on the 14th inst.; and that a battalion of Artillery will muster at Brewer on the 12th day of October next.

The following article from an esteemed friend has saved us the labor of writing a notice of the introductory lecture of Dr. Cutler, and his intended public course of lectures on Physiology in this city.—Ed.

Dr. Cutler's Lecture on Physiology.

To the Editor of the Whig and Courier.

Having attended the lecture of this gentleman on Monday evening at the Hall of the Mechanic Association, which was introductory to a course soon to follow, I cannot longer refrain from expressing the agreeable surprise which must have pervaded the minds of his audience in witnessing such an exquisite and ingeniously contrived model of the human subject with all its parts so admirably displayed and combined together with much harmony of design. The muscles, with their silvery white tendons, were to be seen with the most beautiful advantage and displayed, not only their color, form, and power equal to the nicest prepared subject of the dissecting room, but in connexion, the numerous arteries, veins and nerves ramifying within them and onward to their determined course. Who would have imagined such a machine as MAN, so intricate, so beautifully contrived and so wonderful in his organization, fashioned from the rude elements by the hand of his species! Surely we are upon the dawn of the brightest era the world has ever seen, and what is to be the future condition of society in the prospect of beholding more than we have now seen, is not within the power of man to tell, much less to predict. But I am wandering from my subject—a word more in the way of enquiry. There are few, indeed, who will consider or reflect upon the state of their existence, or turn attention to the subject of Physiology, to learn even superficially their bodily structure. It has, for a long time, been imperfectly cultivated, and indeed its complete extinction from our schools, remains, as yet, a desideratum.

What can be more pleasant, instructive, and agreeable, than the study of ourselves? Is it not of importance to know the internal motions of our frame; the offices of the different viscera; the changes in the fluids; as well as the powers by which life is supported?

I need not enlarge farther; the utility of our early introduction of physiology into our common schools and higher seminaries of learning, must be apparent to every one. How much empiricism and delusion there is in the world! Few there are, indeed, who escape from the wild, fantastic, and wonderful errors which are common in every age; and no man is so wise, but that he may learn some wisdom from his past errors and the long imagined condition of his frame. Dr. Cutler is a very interesting and graceful speaker, and his method of illustration, on his worthy and magnificent model, as large as life, cannot fail to be highly useful and instructive to all classes.

DELTOLD.

Extensive and Astounding Forgeries.

A slip from the Barre (Mass.) Gazette of Monday says:

Our community has been thrown into a state of unprecedented excitement and astonishment by the development of forgeries committed by one hitherto of high standing, and to an extent almost unsurpassed in the history of crimes of the sort.

The forger is William Goddard of Petersham, Post-master at that place, and member of several trading and manufacturing firms.

On some of the paper being pronounced forgeries Mr Goddard was called upon and confessed the whole and gave a list of the spurious paper issued by him.

Total \$37,700 of forged paper now outstanding. In addition to this there has been \$4000 of similar forged paper, bearing the endorsement of Aaron Brooks, Jr., which has become due and been taken up by Goddard. All the above names save Goddard's were forgeries. The above paper now lays as follows: in Ware Bank, \$18,000; with W. H. & J. B. Foster, Boston, about \$10,000; with Chase & Grew, of Boston, about \$10,000.

Thus within four months and a half have FORTY ONE THOUSAND SEVEN HUNDRED DOLLARS of paper been forged and discounted. The forgeries were well executed and but for two singular accidents would not at present, at least, have been discovered. The money to take up the \$2000 draft was sent to Boston and but for the closing of the bank on commencement day, it would have been taken up. Had the other draft been presented at any other bank in New York than that at which C. Miles did business it would have passed. By what unforeseen events does crime transpire!

Mr Goddard is a man about 35 years of age, a native of Petersham, where his father and friends stand highly respectable. He has sustained a character more than usually high for integrity and active business talent, for many years, and no man could have been picked who would have been deemed more unlikely, by the commission of such a crime, to entail infamy on himself and shame upon his friends. No other motive is conceived than a relief from pecuniary embarrassment.

Mr Goddard was arrested on Sunday morning and taken before Jared Weed, Esq. He pleaded guilty and was ordered to recognise in \$5,000 for his appearance before the Criminal Court on the last Monday of this month. The bail was furnished by his father, father-in-law, and brother-in-law, and he now is at liberty.

Remedy for Corns.

Dr. Bamberg is now in this city engaged in the business of extracting corns which he does effectually and in admirable style without pain or the drawing of blood. He has extracted two large and troublesome corns for us in a manner that satisfies us he is skillful in the business and worthy the patronage of all people who are afflicted. More than a year since we had a corn extracted by this process and it has not caused us a moment's trouble since and the toe is now perfectly smooth and healthy.

That box of cigars that the Boston Post Master sent on to "Bob" seems to have done his business completely. In his slide he is sore in leaving one place to find another.

Carpenters who wish for a job should examine our advertisements.

By the following letter received by a gentleman in this city from Messrs. W. H. & J. B. Foster, it will be perceived that they will not sustain any great loss by the reckless forgery of Goddard. We are glad to hear this, as they are very active and enterprising men, and we should regret their suffering loss by the knavery of such rogues as Goddard.

BOSTON, Sept. 5, 1843.

My dear sir:—You will learn by the Boston papers, of this date, that forgeries to a very large amount have been perpetrated in Worcester County, and that we are represented to have been among the sufferers. It is truly unfortunate for us that we have been the medium through which the guilty party has been enabled to negotiate a very considerable portion of his spurious paper; but in order to quiet the fears of any of those who have entrusted to us large sums of money, and for the satisfaction of our eastern friends, we have it in our power to state, that we are not effected to an extent beyond that which we can meet without very serious detriment to our business engagements.

Nearly the whole amount of the paper received from Messrs Goddard & Co., and which proves to have been forged, was negotiated by us at various banks in this city, and without our endorsements; so that we are not legally obligated to take care of any portion of it.

Mr. Goddard has hitherto sustained an unimpeachable moral character, and, although now a very young man, has held some of the most important offices of trust in his native town; having been chairman of the board of selectmen, Town Treasurer, Assessor, &c., and at the present time holds the office of Post Master.

He was quite extensively engaged in the Cotton manufactory, and for several years past has been a partner in several country stores.

It is not surprising therefore that he had use for large sums of money; and it is to this fact that he owes his success in not exciting suspicion of wrong doing for so many months; and to such an unlimited extent.

We are, Very Respectfully,
Your ob. servants,
W. H. & J. B. FOSTER.

Somerset Nominations.

The Whigs of Somerset County have nominated the following list:

Ebenezer Hutchinson, Esq., for Congress;—Win. G. Crosby, Esq., of Belfast, Delegate to the National Convention; Abner Colburn, of Bloomfield, William Rowell, of Bingham, for Senators; William Titcomb, of New Portland, for Clerk of Courts; George C. Getchell, of Anson, for County Attorney; David Danforth, of Norridgewock, for County Treasurer; Dennis Moore, of Anson, Sullivan Lathrop, of St. Albans, John Pierce, of Solon, for County Commissioners.

The National Convention sitting at Buffalo, proceeded on Thursday, to vote by States for candidates to be supported by the Liberty Party, for the offices of President and Vice President of the United States. On counting the votes, it was announced that James G. Birney, of Michigan, had received 148 votes, all that were cast, for President, and Thomas Morris of Ohio, 148 votes for Vice President.

A sailor has been arrested in Wilmington, N. C., on suspicion of being the pirate Webster, of the schooner Sarah Lavinia.

The South western country has been visited by another severe shock of an earthquake.—It was distinctly felt on the Mississippi river.—The shock communicated to the steamboats induced the passengers to suppose, for a moment, that they had either grounded, or run upon a snag.

We are indebted to Gilman & Co's Express for Philadelphia, New York and Boston papers in advance of the mail. The same compliment was bestowed upon us by Jerome's Express.

These Expresses are great inventions, for editors, at least.

The Eastern Argus states that a boy by the name of Graffam fell from the chamber window of the United States Hotel on Monday and struck upon the brick pavement. No bones were broken and he is expected to recover.

From the Far West.

A correspondent of the Arkansas Intelligencer writing from Bayou Menard, a few miles from Fort Gibson, on the 25th of July, says:

A rumor has reached Fort Gibson that the detachment of Dragoons under Capt. Boone, which left that post some weeks since on an excursion in the western prairies, has been heard from, and that they are suffering dreadfully.—The weather had been excessively hot; several of the men had died; many more were sick and unable to travel. The flies in countless myriads were so bad upon the horses that they were completely broken down, and the Captain in consequence of all these difficulties, had been compelled to encamp some two hundred and fifty miles west of this, and remain until his men and horses had recruited sufficiently to enable him to get back. This information was perceived through some Creek Indians.

Yucatan and Tobacco.

The New Orleans Bee of the 25th says, by the schooner Doric, arrived yesterday from Merida, we have received intelligence from that place to the 10th inst. We are indebted to the politeness of a merchant of this city for some information respecting the events which have occurred in Yucatan, and concerning Gen. Sentenat.

After the departure of this officer for Yucatan his partisans fell on La Palizada, where they entrenched themselves. Ampudia sent against them a detachment of 300 Mexicans, who were warmly received by the insurgents, and were compelled to retreat with considerable loss.

From what we learn, it would appear that Sentenat has not abandoned all intention of raising a hostile flag in Mexico. He has gone to Yucatan for the purpose of levying new forces, to enable him to meet Ampudia. He is enlisting soldiers with activity, and as soon as his numbers become respectable, he will return to Tobacco and recommence hostilities.

Great Forgeries in New York—Wall Street in commotion.

The Journal of Commerce of Monday says:—

Wall street was supplied this morning with the announcement that the checks of the great auction house of Austen, Wilmerding & Co., had been found in several of the Banks, forged. The house keeps accounts in a large number of Banks, and its Checks are all signed by one of the firm and endorsed by Mr. Priest the cashier.

On thorough investigation, the following amounts were discovered. Seventh Ward Bank \$3,000; City 5,000; America 2,500; American Exchange 3,000; Merchants 3,000; Manhattan 1,000; Union 3,000; Commerce 2,500; State 500; Phoenix 5,000; total \$28,500. Each of these sums we believe was drawn in one check, and the payments several of the tellers remember to have made to a clerk of the house. The checks are all dated July 31st.

On the first of August, at 10 o'clock in the morning, a young man, about nineteen years old, who has been employed by A. W. & Co. for two or three years past, left the store, and has not since returned. His name is Henry Sanders, quite accomplished in his style of address: the son of a physician, who came from England some years ago, and now resides at the Wallabout in Brooklyn.

The absence of the lad created no anxiety and was perhaps less thought of, because he had been somewhat irregular, so that a little apprehension had been excited about his habits, and a change being very convenient, another clerk had been employed in the bank business. It now turns out that a lad, resembling Sanders, bought a trunk at the corner of Maiden Lane and William street on Thursday 31st, and called for it in a cab on Friday morning.

A person resembling him also engaged a passage of William H. Taylor, of Ohio, on Friday morning at the office of Mr. Irving, the agent, and the same person and trunk were on board the Great Western at the time of her departure. These and some other circumstances leave hardly a doubt, that Sanders is the operator in this business, and has gone to England, though as he was but a poor writer it is not likely that he should have drawn the checks himself.

Great Robbery in New York.

The Jewelry store of E. & S. S. Rockwell at No. 9, Astor House, New York, was entered on Sunday night, and robbed of Diamond Pins, Watches, Pencil Cases, Spoons, and other articles, to the value of about \$20,000. The burglars effected their object by entering with false keys the unoccupied store next to the store of the Messrs. Rockwell, and breaking through a partition wall ten inches in thickness, making a round hole about one foot in diameter. They passed out through a door in Barclay street.

Disastrous Fire.

On Monday, August 21st, the large manufacturing house of Mr. Dennis Barney, 3 miles from Lacon, on the Illinois river, embracing a saw mill, and a carding, fulling, dyeing and cloth dressing establishment, was consumed by fire with all its contents. Loss of building estimated at \$4,000; of machinery, including damage done to steam engine and boilers, \$4,000; making a total loss of \$8,000. Neither building or contents insured. The fire originated from sparks dropping from the boiler chimneys upon the roof.

Capt. Sturdivant, of brig Charlotte, arrived at Portland, from St. Domingo, reports that Capt. Thomas, of brig Zebra, of North Yarmouth, was under trial at Gonaves, for causing a man to be killed.

Votes.

Votes for State and County officers will be furnished on application to this office at the usual rates.

WHIG CAUCUS.

THE Whigs of Brewer and Orrington will meet at the Town House in Brewer, on SATURDAY the 9th inst., at 4 o'clock P. M., to nominate a suitable candidate for the Legislature, and transact any other business which may come before them.

Per Order.

Brewer, Sept. 4, 1843.

DIED.

In Prospect, at his residence, Capt John Colcord, aged 57 years. He has been Master of different vessels for more than 30 years—his friends and neighbors, equally knowing his fidelity and rectitude, reposed in him great confidence. He was beloved, with reverence by all who knew him, and greatly respected; he has left a wife, children and numerous relatives to mourn his departure; with respect due to the departed, shown by his friends and neighbors from Prospect, the thanks of all are tendered toward them by the display of colors at half mast in Bangor on the day of burial. By request.

MARINE INTELLIGENCE.

Port of Bangor.

LORRAINE'S PILLS.
OR VEGETABLE UNIVERSAL MEDICINE
CURATIVE
OF THE
French College of Health, in Paris.
The following letter was received yesterday by mail from Salem. It gives another evidence of the great success of Lorraine's Vegetable Universal Pills.
SIR—I have been for many years a sufferer from the ravages of Scrofula and Cancerous Humors, which at last seated on the vitals, and exhibited all the threatening symptoms of consumption. The general inability of all remedies awakened my inquiries as to the thousand different methods of cure, to most of which I had recourse without receiving benefit. I accidentally noticed a remarkable cure by Lorraine's Pills, and was induced to give them a trial. I sent to Boston and got a box. By the use of them I found immediate relief and was soon restored to a perfect state of health.
J. E. NEWHALL.
Salem, 21st May, 1881.

The following letter from J. B. Light, Esq. is worthy of notice.
SIR—It took one of Lorraine's Vegetable Pills last evening for a pain in my head, that had effected me for several days, occasioned by taking cold. I soon felt very calm, and quiet, and a state of general repose came on, which had great charms, and I enjoyed one of the most comfortable and refreshing nights rest that I ever did in my life. I rose in the morning in my usual state of health, and believe it is my duty to recommend this medicine.
Yours truly,
J. B. LIGHT.
Nov. 20th, 1881.

[From Boston Daily Mail.]
Somebody wisely says, that a cap loaded with jewels and flowers will not cure the headache, nor gold chains prevent the consumption. Lorraine's Vegetable Pills have done both.

SIR—I have been effectually cured of a severe headache by the use of Lorraine's Pills.
SARAH NOYES.

SIR—My daughter had all the threatening symptoms of a Consumption, such as cough, pain in the side, &c., together with general debility, but has had her health restored by Lorraine's Pills.
Rev. J. KNIGHT.
New York City, Nov. 1, 1881.

Family Medicine.
SIR—I have used Lorraine's Pills in my family as a family medicine, and I would most earnestly recommend them to all persons, as the best medicine that can be procured. I would not be without them—they operate mildly, and never fail to give immediate relief. Until I used these Pills I was obliged to pay from \$25 to \$100 per year for medicines and physicians, since then I have had no other doctor than Dr. Lorraine's Pills. JAMES NEAL.
Hartford, Conn. July 8.

Lame Back.
Sarah Snow was cured of a lame back in one day, when she had been unable to dress herself alone for two weeks.
Susan Jones of Boston, cured in 36 hours of lame back and side of three weeks standing.

Sick Headache.
Mrs. Bird of Providence says, that 'Lorraine's Pills have proved a real blessing to her. It has surpassed any thing that has been brought to the public notice. I have been cured of a sick headache that had afflicted me for years, by the use of Lorraine's Pills.

THE CONDITION.
The condition upon which nature gives health to man, is a watchful care to keep his stomach and bowels free from morbid and unhealthy accumulations. Lorraine's Pills admirably effect this, because they cleanse the bowels and purify the blood. The human body is always healthy when the bowels are regular, the blood circulates freely, and disease invariably commences when obstructions take place in the bowels.
The extraordinary virtues of Lorraine's Pills depends upon extracts of over 50 different vegetables, all so admirably combined as to purify, nourish and invigorate the human system.

ABSOLUTE HEAL OIL.
TRIALS, and all successful, prove
10,000 DALLEY'S MAGICAL PAIN EXTRACTOR inestimable. It not only cures quicker, but gives no additional pain, nor leaves a scar. Fire is positively rendered harmless. (\$10 has been offered six months to any person returning an empty box, and saying that all agony on anointing is not extracted in a few minutes, yet not one from thousands of trials since has claimed the bonus.) Parents anxious to guard against general injuries and save money, time, torture and life, and prevent their offspring from being disfigured by burns, or even small-pox pustules, (it possessing the enviable power to replace the cellular organs destroyed,) can do so by obtaining this inestimable salve. Many deeply burnt cases in the city can be seen, and one entire face burnt over and wounded three distinct times in the same spot while healing, yet in no case can be traced the least cicatrice or mark! For all kinds of hurts, its rapid, soothing effects, are alike important; even sore eyes, ALL INFLAMMATIONS and BROKEN BREASTS would be unknown. The toilet and nursery, for clearing the skin of pimples, removing chafe, &c., will find it indispensable. Once using only will forever establish it the sovereign **HEAL-ALL** quality. After this notice, heads of families allowing torture for months, and ultimately distorted features, can never wipe away reproach, justly uttered by a disabled child, for neglecting to triumph over fire.
"Entered according to act of Congress, A. D. 1881, by COMSTOCK & CO. in the Clerk's Office of the District Court of the United States for the Southern District of New York."
Warranted the only genuine.
COMSTOCK & CO., Wholesale Druggists, New York, have become the sole wholesale agents for Mr. Dalley in America for twenty years. All orders must be addressed to them, except for the cities of Albany and Troy.

DR. PUSEY'S SERMON,
PREACHED before the University in Oxford,
price 6 cts. for sale by
JULY 31 SMITH & FENNO.

Old Newspapers for sale at this office,

PAGE'S VEGETABLE SYRUP
FOR FEMALES, ENCEINTE.

The following gentlemen are the authorized Agents for selling the above mentioned valuable medicine,—a medicine worthy the confidence of the public, and should be used by every female about to become a mother. It is invaluable in relieving the pains of Lying-in women, as has been proved by hundreds of ladies who have used it, and by many physicians who prescribe it in their practice. There is nothing deleterious in its composition, and the most delicate female in any condition may take it with perfect safety. The price of it in nearly all cases where used is more than saved by the mother getting up, and recovering her strength so as to be able to dismiss her nurse one to two weeks sooner than in ordinary cases. All persons wishing for further information respecting it, are referred to a pamphlet of a dozen or more pages accompanying the medicine (which may be had gratis of any agent), containing some general remarks upon the subject, proper and important to be read by all females, also several letters from physicians who have prescribed it, and from other gentlemen whose wives have used it.
In Bangor, G. W. LADD and G. W. HOLDEN; Hampden, Doct. N. Hanson; Bucksport, M. & W. G. Hardy; Prospect, Gilmore & Clifford; Belfast, W. O. Poor; East Thomaston, Doct. E. Harding and Kimball & Cobb; Thomaston, T. Fogg & Co.; Ellsworth, Doct. C. Peck; East Machias, U. L. Hitchcock; Eastport, Doct. E. Richards; Calais, J. S. Richardson and L. C. White; St. Andrews, N. LOZENGES! LOZENGES!

FALES' Cough, Worm, Headache, and Diarrhoea or Dysentery LOZENGES are safe, certain and agreeable remedies for the diseases for which they are recommended.

Numerous, speedy and surprising cures have been effected by their use, hence their popularity.

Dyott's Oracle of Health, (Philadelphia) says that Fales' Medicated Lozenges are considered by those who have used them, to be far superior to Sherman's or any other introduced into that market.

THE COUGH LOZENGES

Are beneficial in all cases of common colds, whooping cough, asthmatic affections, inflammations of the throat and lungs; they are also particularly beneficial for the croup, and a very good substitute for the celebrated Hives Syrup, Cough Candles, Quincy Cordials Pulmonary Balsams, &c.

THE WORM LOZENGES

Are a safe and sure remedy for Worms. Two or three is a dose for very small children, and five or six for larger ones.

THE DYSENTERY LOZENGES

Are a certain and agreeable remedy for Dysentery, Diarrhoea and bowel complaints of children. Full directions as to diet and manner of taking them, accompany each box.

THE HEADACHE OR CAMPHOR

Lozenges are beneficial in cases of nervous headache, in febrile affections of a typhus character. They are useful in Rheumatism and peripneumony; also in eruptive diseases, to favor the eruption or bring it back when it has suddenly receded from the skin, as sometimes happens in measles and small pox.

For sale, Wholesale and Retail, by N. B. FOLSOM, Jr., Agent, and by the other Druggists in the city.

FALES' CYPRIAN HAIR TONIC,
FOR THE GROWTH, PRESERVATION AND RESTORATION OF THE HAIR.

No matter how bald a person may be, a growth of hair will be produced, and as naturally too, as the herbage grows on the plain, or the lily in the valley. This Tonic is warranted to cleanse the hair from Dandruff, and every other accumulating substance.

Is your hair dry and falling off?—the tonic will moisten and fix it strongly in the head. Is your hair thin or your head bald?—the tonic is warranted to satisfy the largest desires in thickening the hair in the first case, and covering the Bald Head with natural hair in the second.

It is composed of those remedial agents that restore the skin at once to a sound and healthy condition: when thus restored, you will soon discover on the head a short, soft, and beautiful growth of young hair gradually increasing in length, till it becomes as your other hair was before you began to lose it.

The question is often asked, from what is the word Cyprian derived?—Ans.—from the word Cyprus, the name of a beautiful island in the Mediterranean Sea.

The inhabitants of that for famed island, are as well known for their fine glossy hair, as for their bright sparkling eyes. It is known, however, that any other people, except those of Cyprus, have never used this Tonic until its introduction into the United States.

HIGHLY ESTEEMED MEDICINES.
FOSTER'S EGYPTIAN BALM OF LIFE.

OR NATURE'S GRAND AND GENIAL AUXILIARY.

A SPECIFIC for Consumption, Great Bodily Debility, Old and firmly Rooted Coughs, Flatulency, Indigestion and Bilious Disorders, Costiveness and Diarrhoea, Scrofula and Scrofulous Affections and Female Complaints.

The Egyptian Balm of Life being an invaluable Family Medicine, should not be neglected in the Spring and Fall by any member of a family, as a Grand Auxiliary to the efforts of nature, in throwing off superfluous humors, generated in the winter and summer months; thus preventing as well as otherwise curing the above distressing maladies, and giving a healthy tone and proper action to all the grand operations of the system.

This Medicine has long sustained an unrivaled character for excellency in the private practice of many eminent practitioners in Europe, yet remaining at the same time undivided in the possession of the individual in whom it has been purchased.

It is now exerting a salutary influence on this side of the Atlantic, and it is recommended to those who may be laboring under any of the diseases for which it is designed as a specific, and also as a preventive of disease, on its first appearance.

For a more particular description of the above medicine we would refer to the envelope accompanying each bottle.

Many valuable certificates might be produced of the benefit received therefrom. Hundreds in the State of Maine, as well as in other States, can testify to its superior efficacy, but the proprietor is willing for the public to judge for themselves by trial. A few names however, are referred to in the envelope accompanying each bottle.

Foster's Celebrated Nerve Ointment,
For the cure of Sprains, Bruises, Cramps, Rheumatism, Contracted Muscles, Sore Throat, Stiff Neck, Pain in the Breast, Back or Joints, Throat Distemper, the Piles, &c.

The general testimony concerning this Ointment, from those who have proved its merits, is, that it is the most valuable medicine to be neglected. And indeed we might fill a book of a hundred pages in giving incidents of its happy effects on the suffering.

N. B. The above Medicines are prepared only by W. A. Greenough, Portsmouth, N. H., and sold wholesale and retail by him.

Also, sold wholesale and retail by G. W. LADD, Bangor; sold also by Eld. C. Rigby & J. Knowlton, Newburg; Winslow Frost, Lincoln, S. Lang, Palmyra; H. C. O. Washburn & Co. Belfast; Gilmore & Clifford, Prospect; Luther Mudgett, North Prospect; Robert Treat and J. B. Chick, Frankfort; Arty & Nourse, Hampden; Richardson & Kennedy, Old Town; E. P. Butler & Co. Orton.

BUCKSPORT HIGH SCHOOL,
AND CLASSICAL INSTITUTE.

THIS School, now in operation, will continue permanently under the care of JOHN B. L. SOULE, A. B., an experienced and successful instructor.

It will be the purpose of the Principal, and of those who may be connected with him, to maintain a school of the first rank—where, by means of a thorough and progressive course of study, a uniform and judicious discipline, and a careful vigilance over the intellectual and moral habits of the pupils, the young of both sexes may enjoy the greatest facilities for acquiring a sound, practical education.

Thorough instruction will be given to young gentlemen preparing for college, fitting them to enter the Freshmen, or advanced classes.

Terms of Tuition. For Common Studies, \$4.00; For Higher Branches and Languages, \$5.00.

Board may be procured on reasonable terms; and permanent arrangements will soon be made, by which pupils from abroad will be accommodated at very favorable charges.

The Fall Term will commence September 11th, and continue eleven weeks.

LIN'S CELESTIAL BALM OF CHINA.

Statements honest, plain and true. Will you believe and profit by them, or neglect and suffer?

THIS Balm or Salve will be found unlike any other preparation. There is no Fiction or imagination in its qualities. It will cure any sore that can be cured at all. It will take out inflammation, and take down swellings; and by thorough friction over the parts externally, will by counter irritation, remove inward soreness to the surface.

A YOUNG WOMAN, for years afflicted with a running sore, called a fever sore, cured by the use of this Balm in about three weeks.

A CHILD, with great hoarseness and difficult breathing, relieved and cured by rubbing it well on the chest and stomach, and covering a flannel with the Balm and laying it over the breast.

A JUDGE of one of our courts had piles several months without knowing the name of his complaint, he used one flask of this Balm and was cured.

A GENTLEMAN who had an attack of piles every year regularly for ten years, cured himself five years since by this Balm, and though plainly threatened at least fifty times since, has kept off an attack by rubbing on the Balm when any uneasiness, soreness, or fulness is felt about the parts.

A PRISONER cut a frightful gash in his foot with a piece of broken glass; he was cured in a few days by the Balm. The same bottle cured all the sore fingers, legs and feet in the prison.

AT THE ASYLUM for Aged and Indigent Females, it has been used with signal success. One of the lady patronesses, Mrs. Nixen, has left her name, and wished sufferers referred to these facts.

NO MAN OR WOMAN can possibly have the PILES if they use this Balm well when they feel any uneasiness about the parts. It is far better to prevent than cure any calamity or ailment.

DIRECTIONS, &c., FOR ITS USE.
FOR THE PILES.—If the parts are very sore, reduce a little of the Balm by mixing half laid with it. After one or two trials that way, you must use it without reducing it. You never can use too much at a time—if a whole bottle could be absorbed in two applications, by long friction, it would be all the better.

IF COSTIVE, use it well before going to stool—this will do wonders.

TO PREVENT any attack of the Piles, you must use it whenever you feel a fulness of the parts, and an attack will be impossible. Hundreds thus keep off this dreadful complaint entirely.

INTERNAL PILES

May be reached by injecting it with a syringe, with a large open point to it. This syringe, made expressly for injecting this, and the Dalley's salve, or Hays' liniment, may be found with those who sell these articles. See drawing. Or in some cases may be reached with the finger, or covered with a piece of silk smeared with the Liniment.

PROJECTING PILES.

That won't return at all, may be reduced by white lead, ground in oil, and put on over-night, or a spoonful from a pint shop.

VERY COLD WATER should be applied by washing the parts well after stools, particularly if just before bed-time.

In very old cases of Piles, when there is apparently a deposit and discharge from the parts, or when the parts are very sore or inflamed, use "DALLEY'S PAIN EXTRACTOR" alternately with the "CELESTIAL BALM," and your cure is certain. Use the syringe.

Hoarseness, etc.

IN DIFFICULT BREATHING.—Spread it on linen or flannel, and lay it on the breast, after having rubbed the breast well with it—the relief will be felt directly. So with Coughs, and especially with Hoarseness, or Sore Throat—rub till the skin becomes tender, then spread it on flannel and bind it on, and you may depend it will cure you. If you do not believe it now, you will when you have once tried it.

Rheumatism.

RHEUMATISM, and all pain in the joints, stiffness, must be cured by it by rubbing the parts until the skin becomes tender, and then binding more on well with flannel.

KOLMSTOCK'S VERMIFUGE.

THIS remedy for worms is one of the most extraordinary ever used. It effectually eradicates worms of all sorts from children and adults.

THOUSANDS perish by worms without the real cause being known. Some other reason is assigned for their sickness, until too late to cure the real cause.

What immense responsibility then rests upon the parent who does not know, and the doctor who does not understand, the complaint which is destroying those precious flowers of life—children.

What should be done?

The answer is plain. Give this vermifuge, and it will be sure to do good, if they have no worms; if they have, it will destroy and eradicate them with a certainty and precision truly astonishing.

It cannot harm the smallest infant or the strongest adult. There is no mercury or mineral in it. The remedy is the basis of most worm remedies; and its efficacy is sometimes worse than the disease it never uses lozenges, but rely upon this. Every person will be convinced on one trial, that it is the most perfect cure ever invented.

The immense sale that this vermifuge has in sure test of its value and the estimation in which it is held by families. It would be quite too expensive to publish the volumes of certificates that have been given for this article, and the users of it are requested to spread the name to all persons whom they think may be benefited by it.

Speak of it in all families, and you will do your duty to your fellow creatures, and feel assured of the approbation of all good men, and will receive your reward in heaven.

We call on all good citizens to make known the effects of this wonderful remedy.

Remember and ask for Kolmstock's Vermifuge, though Fanestock's is supposed to be the same article: the one that has become known to you that the advertisement should be used, in justice to the proprietors.

Address COMSTOCK & CO., Wholesale Druggists, 71 Maiden Lane, New York.
